

## Deddington through Facebook – February 2021

Not so many postings again this month with a Covid theme. Are we learning to live with it and get on with life?

COVID VACCINATIONS...

The C-19 group understands that Group 3 Deddington Health Centre patients (ie age 75-80) have all had their vaccinations. If you know anyone in the village in that age group please check they have had theirs. If not please advise them to phone the surgery. Thanks All!

CLIFTON - YOU HAVE A NEW ZONE CAPTAIN...

You will be in the very good hands of [Sharon Swadling](#) who is taking over from today. If you need assistance or information Sharon will be ble to help. Thanks Sharon!

WANTED...

We are moving out of the village in 2 weeks and Clifton needs someone to take over my Covid - 19 Zone Captain responsibilities. There is little to do now other than be a contact for anyone needing assistance and being part of the Parish Zone Captains' Whatsapp group for updates. Message me if you'd like more details. Thanks All!

...

Covid-19 jabs.

I had a letter from NHS this morning inviting me to book both jabs on their website. Very slick site, easy to do, jabs available in about 3-4 days, book No2 for April. BUT nearest site is Kassam stadium south of Oxford.

Then later today received txt from surgery inviting me to get 1st jab at Chipping Norton on Tuesday. Not so soon, no mention of 2nd jab, but much nearer.

It appears the roll-out is going super fast, but for some people you may be on more than one contact list.

Lots of people are getting letters from both the big centres and their local practice. Bit confusing but yes, things rolling out fast!

...

It's not been posted online yet but when it is you'll find it here

<https://www.deddington.org.uk/deddington-news/>

But you should have it through your letter-box before it's there.

Happy reading!

# BREAK-OUT!

**🔑 Lockdown confined the first Deddington News of 2021 to the internet.**

**🔑** The solitary restrictions keep our teams of volunteers from gathering to print and put together the paper version.

**🔑 To provide you with a paper copy, the DN is breaking out from its 45-year practice of being produced by people in the parish to have it printed professionally.**

**🔑** The March, April and May editions will all look slightly different but we hope that by June normal service can be resumed.

**So look out for your March edition of THE DEDDINGTON NEWS — coming to your doormat shortly**

We are delighted to now be a referral partner for the Banbury Food Bank. In addition to this, in a bid to help reduce food waste in the village, we have also teamed up with local food-based businesses and we will have a stall set up in Church each Wednesday and Thursday from 5.30-6.30pm offering free food to anyone who wants it, including fruit, veg and more.
