

1808 Proprietors of land: Deddington, Clifton and Hempton

By size of Holding

This list is created from the 1808 Deddington and Barford Enclosure Award in the Oxford Records Office. Reference PAR 86/16/H/1

There are some duplicate names. Very occasionally the same person may appear in two different places in the key or, possibly, there are two people with the same name, e.g Samuel Churchill of Deddington and also of Clifton.

“Communal” items like Roads and Stonepits have been omitted.

a, r, p (Acre/Rood/Pole) shows the total land holding for each person. Reference to the full key shows their individual holdings with descriptions of each.

1 acre = 4840 square yards

4 Roods = 1 acre

40 poles = 1 rood

1 (square) pole = 30.25 square yards

The final item in each entry is a sequence number that we have inserted. This allows you to find the person in the full key of the 1808 map where they are not necessarily in alphabetic order. More information about the 1808 Enclosure map and its key can be found on the Map page.

There were 163 owners of land in Deddington. The overall size of the parish was recorded as 4159 acres and 19 poles.
