

Deddington through Facebook – September

And even fewer posts on the Community Noticeboard relating to Covid-19 in September. We've gone from caring and sharing in total lockdown April, to not quite following the Countryside Code in staycation summer, to life relatively 'normal' in the autumn. We're not done with Covid yet and will continue to monitor Facebook over the next six months or so.

We went to the Crown and Tuns, aka The Pie Pub last night to celebrate being out of quarantine and 6 months of holidays and home schooling. [Anton Hayter](#), Kathy and the team at the Pub have made it really safe and exceptionally well thought through. Food, service and friendly welcome all up to their normal high standards. At the start of the crisis The Pie Pub threw everything at servicing the community (without any ask for anything back). Now we can say thank you, a pie and a pint at a time.

From tomorrow our front door will be the main access point to the surgery again for patients with a booked appointment. If you need to visit dispensary please continue to use the dispensary entrance.

We still have limited capacity in our waiting room due to social distancing measures so please don't come to the surgery unless you have an appointment.

We are making this change as our Covid assessment area has now moved to a Portacabin in the car park.

Thank you for your continued support.

Delmergate Pharmacy in Deddington have new stock of washable fabric face masks in. They are modelled on the disposable surgical ones and are triple layer with a nose wire and adjustable side elastic. They are locally made and we can take orders.

🌟 INFORMATION UPDATE 🌟
PLEASE READ

It's that time, again, to give you all an update regarding new COVID-19 restrictions imposed upon us by the government.

On the back of the Covid-19 alert level being raised to level four (transmission is high or rising exponentially), the Prime Minister declared that pubs and restaurants in England must shut their doors by 10PM every evening, from Thursday 24 September as part of new measures to slow the spread of the virus.

Last orders will be called every evening at 9.15pm, time at 9.45pm and everyone out by 10pm. This will include from all outside areas!

All pubs, bars and restaurants must be table service only. This mean when entering the unicorn, please make your way to the bar where you will be met by a member of staff to allocate you a table, this will still be for a maximum of 6 people at a time, with no groups mixing! We will be leaving a number of tables for drinkers inside the pub and outside **NO SERVICE WILL BE FROM THE BAR!**

It will now be compulsory for customers to wear face coverings, though not whilst seated and eating or drinking, but when moving around premises (entering, exiting, using facilities etc.). Customers must also be seated outside in the designated areas when smoking.

NON-COMPLIANCE with these new regulations will result in large fines for businesses and customers and we will therefore be following the guidance **STRICTLY**.

A NHS Test and Trace App has been launched and it is essential to have this in place from 24 September. From the 18th September it was mandatory to collect staff, customer and visitor data. From the 24th September venues including pubs must display a NHS QR code that can be scanned using the NHS Test & Trace app. This is a unique code for our pub that can be registered on and downloaded via the Government website. These will be available from Thursday. We will still also take details manually to ensure compliance.

Please be patient with us and our staff as this will be another new challenge, and we will need time to fine tune our processes.

Thank you once again for your continued support.

Kristian & The Unicorn team x

The Red Lion has a 'Den'. Covered area in the pub garden, with heater for those chilly Autumn nights. Come and enjoy a pint, Fish n Chips or Plant Based food, eat in or takeaway.

Tables look a little close considering there is a pandemic currently? Just a thought
