I am writing on behalf of the DEDDINGTON SOCIETY regarding our proposed use of the tennis courts at Windmill School, Deddington.

Though this will presumably be covered eventually by the current negotiations concerning the use by us of school premises as a whole, we are anxious to get preparations made for the coming season and would like to know as soon as possible what rental you would suggest as appropriate in the meantime; and also what equipment (nets etc.) is available. A certain amount of resurfacing needs to be done, and I presume you would be responsible for this.

May I take this opportunity to thank you for the free use of the courts for periods last year and for your willingness to put them at our disposal in future.

Yours faithfully,

(A.G.Enstone).

Dear Sir,

Windmill School, Deddington

Thank you for your letter of 13th March regarding the proposed use by the Deddington Society of the tennis court at the above named school.

I understand that there is only one court available and the charge for this would normally be 30p per hour. As there is no net provided, I feel that a reduction of 5p per hour on the above charge would be reasonable.

So far as the re-surfacing of this area is concerned, I do not think that the Education Committee would be prepared to meet the cost of this work in view of the limited life of the school as an educational establishment.

If you wish to use the court in the coming season, you should make application in the normal way, giving details of the dates when you would require the court. I would stress that payment must accompany your application which will not otherwise be considered.

Yours faithfully,

A handwritten signature in cursive script, reading 'E. J. Dorrell'.
