## OVER WORTON.

A FIRE, which shortly assumed alarming proportions, occurred on Wednesday evening upon farm premises, occupied by Mr. Fredrick Bennett, at Over-Worton. A waggon-hovel, barn, cattle-shed, quantity of corn in the barn, wheat-rick, straw, etc., were destroyed. The Deddington Fire Brigade, who reached the scene of the disaster some little time after the fire was first discovered, were enabled to render much assistance owing to the absence of water. The wind was fortunately blowing strongly away from the carter's cottage, which stood in dangerous proximity to the burning buildings. Mr. Bennett is, we hear covered by insurances in the Atlas office. Captain Wilson is the owner of the property.
